RE: Adopted Fiscal Year Budgets 2019-2020

In the attached pages, you will find the **Fiscal Year (FY) 2019 Budgets** representing the General Fund, Special Services District Fund, Solid Waste Enterprise Fund, Capital Improvements Program Fund, Special Purpose Local Option Sales Tax (SPLOST) Funds, DHS Building Fund, Confiscated and Seizure Fund, Lease Commercial Fund, Grant Fund, and Law Library Fund. Approved and adopted on June 25, 2018, these budgets were developed in a sound planning process, meeting all legal requirements to ensure our delivery of services to the public during this 12-month period.

Items in this FY's budget includes the approval of a **Cost of Living (COLA)** of five percent and a merit increase. The **General Fund Maintenance and Operation (M&O) Budget** for this FY is \$52,183,063, which is an increase of 5.5 percent. M&O Revenues remained consistent from the prior year. The Fund Balance usage to reconcile the FY 2019 Budget is \$2,840,497.

General M&O Expenditures for FY19 are at \$52,183,063. The General Fund M&O Millage Rate reflects an increase of 3 mills, from 12.569 to 15.569.

The **General Fund Capital Improvements Program (CIP) Budget** for FY19 is \$379,405, which reflects a decrease of 11.5 percent from last year (\$428,800). The CIP Budget does not receive any portion of the General Fund tax millage revenue and is completely reliant on CIP Fund Balance and SPLOST for its funding. The purchases for FY 2019 are primarily for Public Safety and Public Works.

The **Special Services District Fund** is budgeted for FY19 at \$7,738,120, which reflects an increase of 3.8 percent from last FY. The millage rate remained slightly the same. The major Revenues (91.6 percent) are generated from Property Taxes, Insurance Premium Tax and Alcohol Excise Tax. The major Expenditure (90 percent) resides in Public Safety, including County Police and Fire Protection Services.

DOUGHERTY COUNTY BOARD OF COMMISSIONERS | 222 PINE AVE, STE 540 | ALBANY, GEORGIA 31701

The **Solid Waste Enterprise Fund Maintenance and Operations** for this FY is budgeted at \$3,988,085, which reflects a 6.4 percent increase over last year. The CIP is budgeted at \$2,669,752, which reflects a 31.2 percent decrease from last year. The current Landfill gate rate of \$38.97 per ton will remain the same for FY 2019.

Other funds included in this Budget Document are **Confiscated and Seizure; DHS Building; Grants; Lease Commercial Fund; and Law Library**. These Funds are being maintained in compliance with state laws, regulations and sound accounting practices.

Our challenge to maintain or increase revenues, as well as containing and reducing expenditures, will continue this FY. I look forward to working with you as we continue to move forward into the future for Dougherty County.

ALBANY, DOUGHERTY COUNTY, GEORGIA

HISTORY

Albany, Dougherty County and Southwest Georgia are rich in southern history and culture. Albany celebrated its 150th anniversary in 1986. The Dougherty County School System and the Sesquicentennial Committee have published a history of the area called Glancing Backward. It is available through the Chamber of Commerce or may be acquired temporarily through inter-library loan or checked out locally. Much of the information below was researched by the publishers of Glancing Backward and is contained in that publication.

Creek Indians were the first residents of this area as early settlers began inhabiting Southwest Georgia in the 1790's. Nelson Tift, a Connecticut native, entered into an agreement with a group of men in 1826 to find a town on the west bank of the Flint River, at that time Baker County. The original purpose for locating a town here was to utilize the Flint River for merchandising and boat traffic, etc. Later, Tift bought the interests of the other gentlemen, convinced that the town would eventually be successful. Albany was actually founded in 1836 when Nelson Tift was 25 years old. Though the Flint River is still a largely navigable waterway, it is now used for recreation.

In 1853, Dougherty County was created out of Baker County by an act of the Georgia General Assembly. It was named for Judge Charles Dougherty of Athens. The County contains 326 square miles of land area with a 2010 census population of 94,565 persons.

Many of the original buildings remain and some have been restored and are in use today. Quail plantations are famous in the area and date back to the founding of Albany. Dougherty County is recognized for its quail and duck hunting, fishing, the Flint River and many cypress swamps.

A famous military unit, the Nelson Rangers, originated in Albany in 1862 and fought in numerous Civil War skirmishes under the leadership of Capt. Thomas N. Nelson, who married the daughter of Nelson Tift.

Albany is still known for its artesian wells, the first drilled around 1881. Because the mineral waters were thought to be curative, the town became a tourist attraction. Today, the artesian well is the City's emblem and is embossed in the seal of the City.

The first industries and business in Albany and Dougherty County included a cotton trade with revenues of \$5,000,000 annually, fertilizer factories, cotton seed oil mills, a pine products plant, cross arms, a gin brush factory and public ginneries. Albany boasted a "natatorium" or indoor swimming pool and the lowest death rate in the southern states. This area was also known as a center for transportation.

Dougherty County has a Board of Commissioners consisting of a Chairman, elected at large, and six commissioners, elected by district, for four year overlapping terms. The County Commission appoints a County Administrator to carry out the daily functions of the County.

Dougherty County has become one of the most progressive counties in the State of Georgia. Many large northern industries have relocated to South Georgia because of its natural resources. Some of those industries are Procter & Gamble, Miller Brewing Company, and the United States Marine Corps Logistics Base.

The County Commission has been in the forefront with many of its endeavors such as new Mental and Physical Health Facilities; an up-to-date Landfill operation, a \$30,000,000 state of the art Jail Facility, a five story Government Center Office Building for County and City administrative departments, a three story Central Square Office Building, two downtown parking decks, a new Public Works Administrative Building, and a new EMS Headquarters.

In February 2009, Dougherty County was certified as a Georgia Work Ready Community. To earn this designation, Dougherty County had to demonstrate a commitment to improving public high school graduation rates and have a percentage of the available and current workforce earn a Work Ready Certificate. The County increased its public high school graduation rate from 57.5% to 63.3% and 1,556 workers in Dougherty County earned their Work Ready Certifications.

In 2011, after years of planning, strategizing and negotiating, a Landfill Gas-to-Energy partnership began between the Marine Corps Logistics Base Albany, GA and Dougherty County. This is the first partnership of its kind for the Department of the Navy. Landfill gas is a naturally occurring gas that results from the decomposition of garbage and is a reliable and renewable energy source. The 20-year partnership allows the County to sell landfill gas produced at the Fleming/Gaissert Road Landfill to MCLB. MCLB will utilize the gas to produce electricity on site which will offset the purchase of electricity as well as natural gas for steam production, thus increasing MCLB's use of alternative energy sources which is a Presidential and Congressional mandate for the Department of the Navy.

We like to think that Nelson Tift would be proud of the progress and success of Albany and Dougherty County. With a history so rich and a future so promising, Dougherty County is destined for further success.

Dougherty County provides a self-funded, workers' compensation program. Benefits are paid as prescribed under the State of Georgia Workers' Compensation Law. Medical care is provided through a panel of physicians selected by the County, and is posted throughout County departments.

FEDERAL INSURANCE PROGRAM (FICA)

All employees are enrolled in Social Security. Dougherty County contributes the employer's share of Social Security (6.2%) and Medicare (1.45%) into the program on behalf of each employee on the maximum earnings required by law.

EMPLOYEE HEALTH BENEFIT

A comprehensive health/hospitalization program is available to all classified full-time classified employees. This plan includes basic and major medical coverage. Coverage begins the 1st of the month following the month in which employees elect to sign up for health benefits, which must be within 30 days of employment. Dougherty County pays approximately 75% of the insurance premiums.

DENTAL

Full-time classified employees are provided dental insurance. The plan includes 100% coverage on routine preventive care, 80% on basic services, and 80% coverage on major services. Coverage begins the same date as health insurance. The County pays approximately 80% for employees. Dental coverage for dependents is paid 100% by the employee.

LIFE INSURANCE

All full-time classified employees are provided basic life insurance with accidental death and dismemberment (AD&D) benefits. The County pays 75% of basic life and 100% of AD&D. The amount of life insurance depends on the class of the employee and the years of service with the County. The County offers supplemental insurance and supplemental AD&D (group rates). The employee pays 100% of the supplemental life and AD&D costs.

Dougherty County also offers dependent life coverage for employee dependents, which is paid entirely by the employee. Dependent life does not include AD&D. Dependent life terminates at retirement.

Full-time classified employees are provided an additional life insurance benefit based upon the employee's projected annual earnings (vested amount projected to age 65 excluding Social Security) to retirement. This benefit is payable to the beneficiary of employees who become deceased while actively employed.

Now utilizing social media such as Facebook, included in the job information/recruitment function are the equal employment opportunity provisions.

HEALTH SERVICES

Through the overall Health Services budget, Dougherty County addresses the need to provide medical services to low income citizens. This goal is accomplished by the following:

Indigent committals: Funds for committal hearings to protect indigent mental patients' rights.

Substance Abuse Program: Dougherty County Jail Facility provides inmates, sentenced to Jail with a history of drug abuse, a six-week educational program on substance abuse. Successful completion of the course earns good time credit leading to an early release for the inmate. The program helps the inmate and helps reduce the operational cost to the County.

Physical and Mental Health Departments: Provides a full range of physical and mental health services, health information, preventive and environmental health services, and medical service to all citizens, but particularly low-income citizens.

CAPITAL IMPROVEMENT PROGRAM

Capital Improvement Programming may be defined as the process for developing a multi-year plan which sets priorities for funding and purchase of capital improvement items and projects. Dougherty County defines capital improvements as those items or projects with a cost greater than \$5,000 and a useful life of five years or longer. Capital improvements may include acquisition of land, construction of buildings, replacement and acquisition of major pieces of equipment and major repair of capital equipment and structures. Items or projects not meeting the above criteria will be funded through the operational budget of the current year.

Dougherty County's Capital Improvement Program estimates expenditures and revenues for a six-year period. The County Commission reviews the program yearly, makes modifications as needs change and then approves the current year expenditures which become the Capital Improvement Budget for that year. In fiscal year 2012 through the current fiscal year, the Commission chose not to allocate any portion of property tax to CIP to give some relief to the General Fund.

A Capital Improvement Program is important to Dougherty County for several reasons:

1. A program of this nature indicates to the community that a rational and systematic approach is being taken in planning for future capital needs.
2. It allows for an orderly replacement of capital facilities and equipment before a crisis situation develops.
3. It helps the County avoid major fluctuations in the tax rate by spreading the costs of capital improvements over several years and by identifying alternate funding sources.
